SCHS SBDM Minutes
March 13, 2019

PRESENT: Nick Maxwell, Scott Bruins, Karen Ogle, Meocha Williams, Ashley Isaacs-Peoples, Sonya Curren, Greshen Willis, Patti Dennard Jennifer Necessary and Cathy Cannada.

I. Opening Business
   a. Approval of the Agenda: Approved: 1st Maxwell  2nd Bruins
   b. Approval of the February minutes: take James Walsh off of people present list. Page 2, 4th paragraph, change HE CONTACTED to lower case letters. IV a) change Mrs. Dennard to Mrs. Ogle in 1st sentence. Change Mrs. Ogle to Mrs. Dennard in 3rd sentence. III d) Mrs Ogle was not the one who asked about the snack shack.
      Approved: 1st Bruins  2nd Maxwell
   c. Good News Report(s): Both of our basketball teams went to the Sweet Sixteen and did very well. Our ACT testing Day went very well. Allie Viney, a sophomore here at SCHS, had her poster win the competition for the Kentucky Derby. Today channel 18 was here interviewing Savannah Reeves about being on The Voice. She will learn soon if she made the cut. Our Chorus did phenomenal on their Assessment. Mr. Bruins told the council about Santanna Kavanaugh. She was accepted into Harvard as a secondary school. She is trying to raise money because even they only are charging ½ the price it is still expensive. She has a Go Fund Me account.
   d. Public Comment: n/a

II. Old Business
   a. School Writing Plan: (see enclosed)
      Mrs. Willis – Take off EOC, leave a constructed response
      Mrs. Peoples – need to add to Math column to the AP Computer Science collaborative research piece.
      Motion to Approve writing plan with changes. Approved: 1st Isaacs-Peoples  2nd Maxwell
   b. PE credit update: We will not approve any alternate PE plans until we hear from KDE. ECS is one of those issues. In the past KDE has approved some things as long as there was some sort of physical activity aspect. But now there must be a certified PE teacher teaching the course before it can be approved. As of right now they do not meet these requirements.
      Our summer PE credit must be a face to face class. PE/Health and Arts and Humanities must now be a full credit class. We need to make sure students grade 9-11 get that other ½ credit of Arts and Humanities. It is asked if students have been told about this change. Mrs. Dennard said her daughter is one of the students that is in this predicament. She did not take PE because she thought she could get this credit at ECS.
      It is asked if PE could be an early morning class? Mrs. Williams said that this is already being discussed. But that it hinges on the decision that KDE makes. Mrs. Ogle asks if there is an open discussion about going back to 7 class periods? Mrs. Williams said no. There will be more flexibility hopefully when KDE makes their decision.
III. Scheduling Update

a. Process/Timeline: Mr. Maxwell said that all schedule requests have been entered into IC. As well as changes for both SCHS and GCHS. Every student will have their schedules by the last day of school. It seems to be going faster this year. Mr. Maxwell said that ECS has received all their requests. But they will not share their decisions till the end of the year.

V. Budget Report

a. 2019 ESS and Professional Development: (see enclosed) Section 6 looks bad right now but it is not. Some classified staff hours were raised from 7 to 8 hours because we could not get things done. When we merged with the 9th grade, the bookkeeper position became vacant in the middle of the year. It was decided that we would not replace the opening. This left $16,583.84 in the 9th grade account. Our overtime monies get pulled out of the Section 6 account. Make a motion to take the $16,583.84 cash for the remainder of the bookkeeper allocation that was not filled and move it to the Section 6 account.

Approved: 1st Ogle 2nd Maxwell

Approve Budget: 1st Ogle 2nd Maxwell

b. Items outstanding: n/a

VI. Committee Reports

a. Card Time: Mr. Bruins said that overall it is going well. Attendance has improved not to the standards he wants. Mrs. Peoples said that about 50% don’t show up. This is not what she wants but RTI is getting a little better. Mrs. Willis said that about 50% do not show up for her class either.

It is asked who keeps track of students attendance. Mrs. Williams said that one of the Admin. Staff keeps a tab on attendance. It is said that we need to tell students that they can’t be moved once they are assigned. Also, we need to make sure students in ISS get to their allotted CARD Time. Plus CARD Time cannot be linked to IC so absences cannot be tracked.

In the past couple of weeks, some students did not get to where they needed to be because of days being needed for other things and the days that we have missed for weather and games. Mrs. Peoples said that in their PLC meeting they talked about how students are placed. Also that maybe we should give students a chance to get out of RTI to see what they are missing. Maybe this will make them work harder to get out of RTI quicker. Some students are complaining that they aren’t getting the help they need in certain areas.

b. School Safety: Mr. Bruins said there is no new updates.

VII. Staffing Update

a. Anticipated Allocations: (see enclosed) Dr. Hub looks at our current anticipated enrollments minus ECS. Then the board has a guideline sheet and this is where he gets our enrollment numbers.
b. VIII. Bylaw or Policy Report or Review:

VIII. School Improvement Planning

a. **Online courses expectations/timelines:** VIII a) (see enclosed) credit recovery online courses during the school year will be offered at no cost to parents. The district has decided to pick up this cost because it wouldn’t be fair to hold them back due to lack of money. If we know early that it is going to be impossible for a senior to pass their core class then we can get them started in their online course as early as possible. They can start the online course at any time, but it must be completed by May 17\textsuperscript{th} or when senior grades are due.

As of right now, they could not start the online course until May and even if they passed, they would not be able to participate in any senior activities, they couldn’t even walk at graduation. We would like to change that. It is asked if they should still be in class or should they have somewhere to go to work on their online class. Have someone maybe in a lab where they could go. And give them an incentive to work harder to pass the course. Give them back the chance to walk at graduation as long as they pass course and their attendance is on track.

As far as online classes and payment goes in the summer, if you do not get the course done you will have to pay a percentage of the cost. If you do not get done by the time school starts back, you will have to start over. It is also asked about a policy in place for core classes for underclassmen.

It is agreed that we will have a second read on the Senior Online classes in April. The policy will be effective on the second read date.

b. **MAP data review and academic progress:** How are we going to continue to move students forward? We have a good group of students on track to meet the standards. This has already been done for Math and English. Social Studies just got a new set and Science is working on theirs.

IX. Ongoing Learning

X. Upcoming Deadlines/Meeting Dates:

a. **SBDM elections:** Mrs. Dearinger explained the bylaws and policies on how the Parent Election should be run. She also explained the Teacher Elections

b. **Next meeting date: April 11:** We need to approve the PD Plan but we will not receive it until April 15\textsuperscript{th}. The Council makes a motion to move the April SBDM Meeting to April 18\textsuperscript{th} so we can go over the PD Plan.

Approved: 1\textsuperscript{st} Maxwell  2\textsuperscript{nd} Curren

XI. Adjourn: Motion to adjourn Approved: 1\textsuperscript{st} Maxwell  2\textsuperscript{nd} Willis
